## Introduction

Literally meaning “a model for rituals”, **Ŭigwe** detail state-sponsored events and ceremonies involving key members of the Chosŏn Royal Family. Revealing core elements of the Confucian cultural world and governing systems by which the state was run, its historical and cultural values were recognized globally. In 2007, the “Royal Protocols of Chosŏn Dynasty” were inscribed into the UNESCO Memory of the World Register.

Symbolizing a natural system to be followed, Chosŏn state-sponsored events and ceremonies were not simply aimed to exhibit colorful and majestic events. Instead, they were meticulously prepared with a profound understanding of how optimize monarchical rule. Studying **Ŭigwe** today can reveal some of these methods. Game of Thrones, anyone?
